Wells The One

Design a better, healthier life

Wells The One is the world's brand new water purifier system. It has cleverly divided the filtration device from the water dispensing faucet for a compact and premium design that has won several international awards.

Globally Recognised Design Awards

iF Design Award

Red Dot Design Award

International Design Excellence Award

Good Design Award

Available Colours

Red

Dark Brown

White

Pink

Mint

4 cm Full Colour LCD Screen

Choose between a light or dark screen display and select system settings.

Two colour options available based on your preference

Energy saving, Child lock, Language and others based on your preference

Easy-to-use Wheel Touch

Control everything from 6 water temperatures to 4 volume settings from the tip of your fingers.

4-level Hot Water Options

Body Temperature

36.5°C to help with metabolism, blood circulation and digestion

Baby Milk

50°C to make baby formula

Tea

70°C to brew stress-relieving tea

Coffee

85°C to brew rich and delicious coffee

Ultra Small

An all-new Ultra-small Premium design at just **8.8cm** in diameter.

PIR (Passive Infrared Sensor)

Detects human and prepares purifier for water dispensing.

Body Spin Function

Enables you to rotate the faucet 180° for easier water dispensing.

Multi-tray

Adjust tray height easily to fit everything from small cups to large cooking containers.

Smart Hygiene Care System

A perfect hygiene care system guarantees safe drinking water with automatic self-sterilisation, an H+ cartridge, and super bio water pipes.

Water pipe sterilisation

Automatically sterilises all water pipes once every 3 days

Super bio water pipes

No water forms on the surface of super bio-tubes for more hygienic maintenance

Auto water dispensing

Drains remaining water from all water pipes when not in use for 24 hours

H+ cartridge

Anti-bacterial properties of the H+ cartridge keep everything extra clean

9 - step Comprehensive Nanofiltration

Wells water filter technology maintains the minerals and filters out harmful substances such as **Heavy Metals** and **Norovirus**.

1st Filter

Wells Multi-Carbon Plus Filter

5 - step Filtering System

Removes 7 types of heavy metals

- Step 1: Removes suspended solids and residual rust
- Step 2: Removes residual chlorine, and bad odours
- Step 3: Removes heavy metals
- Step 4: Prevents the buildup of bacteria
- Step 5: Maintains pH level

NSF Certified

2nd Filter

Neo Nano Clean Filter

4 - step Filtering System

Removes norovirus and dispenses clean water with natural minerals

- Step 6: Removes suspended solids and residual rust
- Step 7: Removes norovirus and bacteria
- Step 8: Removes micro particles, foul odours, and bacteria
- Step 9: Improve water taste, and maintain minerals

Colon Bacillus

Norovirus

Staphylococcus aureus

Should Replace
Filter #1

Should Replace
Filter #2

Should Replace
Filter #1, #2

Filter-change Indicator

Each set of filter is able to cleanse about 3650L of water. Once the quality of the filter starts deteriorating, the filter change indicator will be prompted on the screen.

Innovative, hassle-free installation

*Install anywhere you want and keep
your kitchen spacious and free.*

STEP 1

Select a drilling point

STEP 2

*Drill a 4cm hole in the kitchen
countertop*

STEP 3

Install the water purifier

Provision of Installation

- 1 Countertop drilling of 4cm (diameter)
- 2 13A power socket below counter; above 47cm
- 3 Cabinet space requirement to fit in filtration unit:
24cm(W) x 50cm(D) x 52cm(H)
- 4 Water inlet supply
- 5 Water outlet (drainage)
Maximum height: 30cm from base

Product Specification

Basic Specifications	
Product	Wells The One Water Purifier (Cold/Hot/Ambient Water)
Model	WL973N
Function	Cold/Hot/Ambient water
Dispensing Method	Direct-dispenser type
Faucet Size (WxDxH)	88mm x 88mm x 337mm
Faucet Weight	1.15kg
Server Body Weight	19.5kg
Performance Functions	
Filter	Wells Multi Carbon Plus-Nano Clean Filter (9-step filtering)
Hygiene / Sterilising System	Auto antibacterial action / Auto drainage / H+cartridge antibacterial effect / Super bio water pipes / All-stainless-dual cooling water pipe
Others	Activity recognition with Passive Infrared Sensor / 180° body spin / Wheel touch display / Various installation options available
Energy Usage	
Power Consumption	Cooler 0.85A, Heater 2800W
Energy Efficiency	1st grade (Heater)
Power Supply	220 V~, 60 Hz
